2023 FIBA EUROPEAN CHAMPIONSHIPS U16, U18, U20 PROSPECTUS

Maximising Collaboration, Maximising Performance, Maximising Experience

OUR AMBITION

Following the recent announcement that the BBF has been able to enter female and male Great Britain teams into all three age-groups of the 2023 FIBA European Youth Championships, this document sets out how we aim to achieve:

OUR VISION: An inclusive, innovative, high-performance pathway, developing talent capable of excelling at the highest levels

OUR MISSION: To raise standards, to create winning teams

As junior internationals, the players selected to represent us in 2023 will be on a pathway to fulfil GB's podium ambitions for many years to come. We have no doubt that the talent is there. However, we recognise that, to do justice to that talent, we must aim high, and set a new horizon for our athletes, coaches and staff.

Both short-term and long-term success will depend on our ability to transform the approach to our GB Junior Programmes, in order to:

MAXIMISE COLLABORATION

Making the most of the skills, resources, networks and energy across the basketball family; aligning the efforts of key contributors.

MAXIMISE PERFORMANCE

Selecting the most talented young players and giving them the support they need to perform at their highest level; developing a high-performance culture as the foundation for future success on the court.

MAXIMISE EXPERIENCE

Creating an environment within which players, coaches and staff will thrive, grow and take pride in representing GB.

OUR APPROACH

MAXIMISING COLLABORATION: Clear Roles

The British Basketball Federation (BBF) will manage the GB youth team programmes in partnership with the three Home Country Associations (HCAs) of Basketball England, Basketball Scotland and Basketball Wales.

THE BBF WILL:

- Set standards
- Manage stakeholder relationships
- Ensure alignment and co-ordination
- Secure resources

THE THREE HCAS WILL:

- Recruit coaches and staff
- Manage player selection on an equitable basis
- Run the teams
- Provide preparation and tournament logistics

OUR APPROACH

MAXIMISING PERFORMANCE: High Standards, Consistently Applied

The Preparation and execution of the 2023 European Youth Championships campaigns will set a benchmark for future years, in which the aim will be to run high-quality year-round programmes; to deploy enhanced capacity to identify, develop and track talent and to ensure consistent attention is paid to player welfare.

GB squads and coaches will be identified through the home nations' respective national teams, national leagues and performance programmes and recruited through an open process, which responds to local circumstances, but does not disadvantage potential GB team members on the basis of their location, socio-economic status or other factors.

Greater collaboration and the development of an integrated calendar will enable us to avoid conflicts between national and domestic competition availability and allow clubs to contribute as much as possible to the development of future national team players.

OUR APPROACH

MAXIMISING EXPERIENCE: Committing to Our Values and Behaviours

The From our newest player to our most experienced coach; from the Boardroom to the physio's bench, we shall measure our own and each other's contributions against the same Values and Behaviours:

VALUE

Intensity

Teamwork

Care

Dedication

Responsibility

BEHAVIOUR

We go above and beyond

We understand our own roles, and help others fulfil theirs

We look out for each other

We put GB first

We are all Leaders
